Rev. Charles Mundell "THE BOY EVANGELIST" in charge.
LLOYD BASFORD, Singer.
Don't Miss One Meeting.
A special message every night

7:30 P. M. at K. of P. Hall

Special Meeting 3 o'clock Sunday afternoon

Important Transaction at Twin Peaks

News was received here this week of an important mining transaction at Twin Peaks, in Grant county, a short distance from Tork, Arizona, and about seven miles from the Sipeerock camp. E. A. Wayne, former manager of the Ernestine Mining Company at Mogollon, N. M., and one of the most successful mining engineers in the Southwest, together with David Gough, former mine manager in El Paso county, Texas, and an experienced metallurgist, have purchased the property of the Twin Peaks Mining Company and will assume active management at once according to the will founded report. Mr. Wayne passed through Lordsburg last week and when seen by a Liberal representative stated that he was returning to El Paso from the Twin Peaks camp. The deal is one of the most important mining transactions of the year, as from the record of the new owners it is a certainty that a mean business and that things will hum at Twin Peaks.

It is reported from Silver City that the claims on the Twin Peaks ground have been rejected by the prospectors. Mr. Gough recently made a mill run of a general sample taken from all parts of the mine and which was reported in a late issue of the Liberal. The property is one of the most important and is well equipped with all mining and milling facilities. The ore occurs in a dense vein cutting a rhyolite country rock. The principal value is in gold.

The entrance of Mr. Wayne and Mr. Gough into the district means much to the future activity of the Twin Peaks camp.

Waldo Group Sold

The Waldo group, of mines, lying two miles south of this city, has been sold to Los Angeles capitalists, according to word received here this week. Machinery has been ordered and a small concentrator plant will be erected on the property. It is also stated that work will be commenced within the next thirty days. Thomas A. Lister put through the deal.

N. Triger, manager of the National Gold and Silver Company at St. Louis, was here Thursday and reports work progressing rapidly on the property with a good grade of ore in sight. Mr. Triger's property is one of the best in the St. Louis section.

R. N. Hollis, formerly of Clifton, Arizona, and a well known stockman of Rodeo, N. M., has a force of men at work on his mining claims near Lordsburg. Mr. Hollis, this week opened up an excellent ledge of rich ore that will run high in copper and lead and is taking out a shipping quantity of it. Some samples of the ore were brought to Lordsburg this week and created quite a sensation. Mr. Hollis expects to increase his force next week, and begin shipping.

Someone Cheated at Valley View

In the school election at Valley View last Monday some one cheated. When the votes were counted there were three more in the ballot box than there were electors at the polls. According to County School Superintendent, Isabel L. Eckles the new board of directors do not qualify until May 1st, and she is looking into the matter. It will be gone over with the District Attorney some time this week.

Death of Mrs. P. C. Johnson

Wednesday afternoon, at the ranch home of her son George W. Johnson on the Gila river near Duncan, occurred the death of Mrs. P. C. Johnson, one of Grant county's early settlers and the mother of two of its well known business men.

The cause of her death was from gall stones with which she had been suffering for some time past. On Sunday she was reported as being critically ill but revived and was taken on with a relapse Tuesday, the end coming Wednesday evening. She was two sons, J. W. and G. W. Johnson were with her. She was aged seventy six years.

Mrs. Johnson, together with her husband, came to New Mexico in 1884 settling in Lordsburg and later moving to the Gila river. To the union was born two sons, who survive her. The body was brought to this city Thursday afternoon and interred in the local cemetery. The funeral services were officiated by Rev. D. F. Sellers and Rev. Ruth.

Mohair Shipped

A carload of Mohair was shipped from Lordsburg Tuesday being bought by A. H. Hinton of San Antonio, N. M. Those who had won in the segment were Conner and De Moss, Edgar and Vespey, Jack Stevens, J. M. Eims and others. It is stated that the price paid was 27c per pound. Some difficulty was had in getting a full car load but over Sunday night it was secured.

Redrock Mail Contract Bought

Sam Torman has purchased the Redrock mail contract of Mr. Allsup and brought in his first load on Tuesday. Owing to his recent injuries Mr. Allsup is no longer able to handle the Redrock mail haul and was forced to give it up. Mr. Torman is the former mail contractor.

Truck For Road Work

A new Jeffery Quad truck especially designed for road work has been received by the Grant county road board. E. L. Cox, county road engineer went down to El Paso last week to receive the truck and bring it through. It has a capacity of two tons and is equipped with a hydraulic dump bottom. The truck can also be used as a tractor. The truck is now being used on the Santa Rita road. The operator is E. Perigan.

Shipments Near Half Million Mark

The cattle shipments from the Lordsburg stock yards during the year 1914 totaled \$313,905.00 according to the accurate figures compiled by the First National Bank of this city. The figures represent the exact sum received from shipments to feed pens in Texas, Colorado and Kansas and beside that practically \$100,000 was received for cattle used in home consumption or sold and slaughtered in New Mexico. This with a few shipments, or private transactions that are not recorded, would bring the cattle business of Lordsburg close on to the half million dollar mark, with figures and not guesses to prove it.

The shipments of 1915 will no doubt be around the same figure as in 1914 but the banner year will be 1916. The cattlemen report that the shipments will go up as high as \$700,000.00 if disease or exceedingly severe weather does not intervene between now and shipping time, and which does not seem probable.

The above statistics prove that Lordsburg is no little "cow town" and is on the map in red ink when it comes to cattle and the stock business. The range is in the pink of condition, or rather green, and the stock is in an excellent shape which has caused much rejoicing among the Southern Grant county cattle raisers.

Lloyd Basford, Singer.

Revival Meetings Going Full Swing

Charles Mundell, "The Boy Evangelist" and Lloyd Basford, the Champion Singer and Choir Leader, are here in Lordsburg and on the job. Mr. Mundell arrived Saturday and began the revival meetings at the K. of P. Hall on Sunday evening. The hall was packed to standing room only when the little preacher made his Lordsburg debut and drove home the point that he was here to clean up the people of this city, and not morally and physically. He made a hit with the town first blow and his eccentric way of presenting the "Big Truths" has found an attentive ear in the people of this city.

The singer, Lloyd Basford, arrived here yesterday and is training the choir and preparing special music for the services. Mr. Basford is an experienced choir leader and is greatly improving that end of the services.

At 10 o'clock every morning Mr. Mundell has been holding services at the hall. They have been largely attended and a remarkable interest in the revival work has been shown. The crowds at the evening services have been excellent and swell as the meetings grow older.

The young evangelist is driving some bitter points home and is stepping on a good many toes but he is getting results and the big revival in Lordsburg is becoming more and more evident. The shouting will be heard before long. Mundell is a man with a message and he knows how to deliver it, slangy, acrobatically, pugilistically, seriously, forcefully and we ran out of adjectives.

The meetings will continue every night for three weeks and the public is cordially invited to attend and bring the whole family.

Nineteen Inches of Rain

According to the New Mexico weather report for 1915 just issued the annual rainfall at Lordsburg for the year 1914 was 19.70 inches. This record will be outdone in every way for 1915 as the total precipitation nearly reaches the 19 mark at the present time.

Shooting Scrape a La Wild and Woolly

Last Thursday night Lucas de la O, a well known local Mexican, took an over abundance of fire water and about 8 o'clock started in to shoot up the town. In the d-d-or-way of a saloon north of the railroad tracks he sent four shots at the stars, puncturing one of them. Constable Oscar Allen heard the shots and rushed to the scene of the heavy firing. As he entered the door of the saloon, de la O, it is alleged, took one shot at the Constable which went wild. Not knowing how the man's artillery was fixed Constable Allen drew his revolver and fired at the celebrator three times, each shot penetrating the man's body but not seriously. At the fourth shot the electric lights went out, caused by a slipping belt on the engine at the 85 mine, which perhaps saved the life of the Mexican. He was aged in the dark and was found at his home by Constable Allen. His injuries were not serious and he was arraigned before Justice of the Peace Marsalis this week, charged with shooting with intent to kill an officer and disturbing of a fire arm within the limits of a settlement. He was bound over awaiting the action of the District Court.

To Establish Pest House

County physician Dr. Wm. McLake came over from Silver City Tuesday on account of the small-pox scare. He recommended the erecting of the small pox cases in an old house near the slaughter pen and the enforcement of a very strict quarantine in the Mexican district of Lordsburg. A daily examination of all persons coming to be made in order to keep in closer touch with the condition of Lordsburg's health. There are now 14 small-pox cases according to Dr. DeMoss report this morning.

LOCAL & PERSONAL

A birthday party was given Saturday night by Mrs. Jack Heather in honor of her husband's birthday anniversary. A number of Mr. Heather's friends were in attendance and a delightful evening was enjoyed by all.

Dr. T. P. Williams and Harry Wicks, the former an eminent physician and the latter manager of the Howell Drug Store in Silver City, motored over to Lordsburg Monday returning Tuesday morning. The gentlemen were favorably impressed with the town and its surrounding country and may return before long.

Sheriff H. J. McGrath, returned from Silver City on Sunday, after a strenuous time in the northern part of the county, during District court, Mexican "raids" on the Mimbras, and other cases to keep him busy day and night.

J. L. Wells spent the earlier part of the week in Clifton.

Charlie Hoy, owner of the Up-To-Date restaurant, was in the city Tuesday looking after his interests. He returned to Albuquerque on Wednesday.

Harry Lesterling of Redrock was a business visitor here Tuesday.

Lamar Cobb, State Engineer of Arizona, was in the city Wednesday en route to Clifton. Mr. Cobb was a caller at the Liberal office where he will always be welcome.

Messrs. Minson and Reisinger of the A. & N. M. were here Tuesday.

Oliver Olney, the little son of Mr. and Mrs. Joe Olney, has been seriously ill with pneumonia out is now convalescent. He was attended by Dr. DeMoss and Miss Leitz, the trained nurse from El Paso.

According to a Santa Fe dispatch Governor McDonald will make a demand on the governor of the State of Chihuahua, Mexico for the return of the Hachita troops who are alleged to have murdered George McFarland at Chihuahua. Sheriff McGrath is using every effort to get his hands on the negroes and it looks like he will ultimately succeed.

Dora Weiss, whose attempt suicide with Charlie Reed in January will be remembered by many, was operated upon in Silver City last week and according to reports was saved from being sent to Las Vegas insane asylum, when a portion of her skull was removed, bringing back her former reason.

Messrs. King, Wamel, Wright and Maddox of Arizana were in town Monday seeing the sights. They brought in one of the Diamond A boys who was injured when he was thrown by a horse Sunday. He received medical attention here and returned to Arizana with Mr. Maddox on Tuesday.

Edward Swann, former conductor of the Deming Band, was in the city Tuesday talking over the band question with the Lordsburg organizers of our twenty piece brass band.

Mrs. H. Eichenwurz was taken to Silver City by her husband last Thursday and placed in the Cottage Sanatorium.

Postmaster Dunagan of Redrock was a visitor here Monday.

An enthusiastic meeting was held Wednesday night at the K. of P. hall and final arrangements made for the organization of the Lordsburg band. A date for rehearsal was set and Professor Neal was chosen as director and teacher. The band is coming along in fine shape and looks now like it will be a big success. More players are needed and those interested are asked to hand in their names at once.

Screens put in as they should be. Stop the flies now. See Heather and Augustine Reasonable rates.

Arthur Estrada, a stranger here was arrested by Officer Walters, Wednesday. Estrada went into Dr. DeMoss' office in the afternoon and lifted three bottles of strychnine from a case while the doctor was out. He shot three and a quarter grains into his wrist. He will survive the shock.

W. H. Rodgers, a stranger from Kansas City, who was in the last stage of consumption came into Lordsburg Wednesday. He said he had friends in Tucson and an amount sufficient to buy him a ticket there was raised among the boys.

Drilling at Plant

Drilling was commenced this week, by the San Simon rig, for water a few hundred feet from the Lordsburg Power Company's plant. The well which will supply Lordsburg with water has been finished and is down 100 feet. All upper flows are cased off and only the strata at 150 feet will be used.

An ice plant expert from El Paso arrived here Tuesday and is setting the refrigerator department in shape for an early production of ice.
